Ruth -

Would you be able to send the EKPC route PDF and property list to my brother as he is involved in the same properties for which we sent the written request? His name is John C. Perkins, Jr. and his address is 5320

N. Kenmore, #F, Chicago, IL 60640 . His email address is:

jperkjr@aol.com

Since time is of the essence with the August 30th meeting coming up, he would like a chance to review them as well.

Thank you,
Emily Perkins Sharp

Thank you for sending the line route PDF, Ruth.

It is still amazing to me how they could design this route so out of their way that it hits our property - we are certainly not "in-line" with either the Memphis Junction or Natcher Parkway Junction.

Anyway, I appreciate your help.

Emily,

You've got the right person and I will send the maps to you as a PDF files on a CD. However, I need a letter from you first with a signature, before I can mail the CD to you. (After September 11th, 2001, we had to revise our policies on releasing maps of utility structures, so we require a letter, not just an e-mail.) So as soon as that letter gets here, I will mail the CD.

Sincerely,
